# ABOUT ALLESET

## THINK. MAKE. PROTECT.

AlleSet is your “one-stop shop” for the widest variety of self-manufactured surgical disposable products. At the same time other companies are rationalizing their product offering, AlleSet approaches each market and its customers with one question in mind ... “What is essential to the healthcare provider?”

As a wholly-owned subsidiary of Global Resources International, Inc. (GRI), a market leading medical device manufacturer, the mission of AlleSet is to develop and deliver high-quality, cost-effective product solutions to healthcare providers and supply chain partners as a means to improving the value proposition across the global healthcare marketplace. Initiating at product ideation and development, through a wide variety of manufacturing capabilities, and offering several cost-effective distribution options, we maintain control of cost and quality throughout the entire product lifecycle.

As an organization we pride ourselves on delivering “true value” - The perfect combination of quality products, competitive pricing, and unparalleled support services.

### Reducing Risks

- ➔ Head-to-toe protection for clinicians and patients
- ➔ Barrier fabrics that leverage the latest, most advanced protective technologies
- ➔ Innovative design features that maximize risk prevention

### Striving For Better

- ➔ Innovative designs that help provide superior protection and performance while controlling cost
- ➔ Solutions that match the needs of the latest surgical methods, technologies and equipment
- ➔ Flexibility to customize solutions based on the evolving needs of surgeons and clinicians worldwide

### Affording The Best

- ➔ Self-manufactured solutions versus leveraging middle-men or “brokers”
- ➔ Vertically integrated solutions – from design to manufacturing to sterilization
- ➔ Optimally designed manufacturing and supply solutions minimize costs within the production process

## ALLESET EQUIPMENT COVERS

Available in a variety of designs and sizes, our extensive line of equipment covers help maintain a safe and sterile operating environment, protecting instruments, staff, and patients from potential exposure during and after surgical procedures. Our range is available in a variety of sizes and shapes to ensure all your needs are covered.

## Band Bags

Constructed of clear film to help prevent image distortion. Our dome shaped band bags feature a sewn elastic opening intended to assist with proper sterile application and a secure fit.
